**VO 3 HOOK**

THIS MEAN, GREEN, FLUSHING MACHINE IS ONE OF THE MOST OUTRAGEOUS OUTHOUSES IN THE WORLD...NOT ONLY IS IT THE CLEANEST YOU'VE EVER SEEN, IT'S ALSO GOT PERSONALITY!

*SOT: NATS—TOILET TALK ING*

01:12:37      *Welcome to the J. C. Decaux automatic self-cleaning toilets.*

SO SIT BACK, RELAX, AND ENJOY OUR BEST PUBLIC BATHROOM, SAN FRANCISCO'S TALKING TOILET!

*SOT: I'VW – MICHAEL JARAMILLO*

02:18:29      *I would say it was cool, just because you get to have someone talk to you while you're going to the bathroom.*

**VO 4 LOCATION**

THIS IS SAN FRANCISCO. A MODERN CITY KNOWN FOR IT'S GOLDEN GATE AND QUIRKY CULTURE. BUT DID YOU KNOW THAT THE CITY OF SOURDOUGH ALSO SPECIALIZES IN SANITATION? THEY'RE CALLED AUTOMATIC PUBLIC TOILETS AND THEY'RE AT EVERY TOURIST HOT SPOT. THE CITY HAS OVER 2 DOZEN, BUT THE MOST POPULAR OF THESE LOW-COST, HIGH CLASS LAVATORIES IS RIGHT HERE, AT FISHERMAN'S WHARF.

*SOT: I'VW – FRED CHRISTOUN*

01:17:46      *There's an average of approximately 150 patrons use our toilets in the Fisherman's Wharf area every day*

*Toilet Nats.*

**VO 5 BACKGROUND**

THE TALKING TOILET WAS INVENTED IN 1981 BY FRENCH DESIGNER AND MANUFACTURER JC DECAUX. THEIR CONCEPT WAS SIMPLE: A CHEAP PUBLIC RESTROOM THAT CLEANS ITSELF. THESE SPACE-AGE INVENTIONS LANDED IN SAN FRANCISCO DURING THE 1990S. AT FIRST, THE PUBLIC WAS MESMERIZED BY THE BIZARRE CONTRAPTION.

*SOT: I'VW – MICHAEL JARAMILLO*

02:17:59      *It looks like you're in like a little time capsule.*

*SOT: I'VW – FRED CHRISTOUN*

01:30:23      *San Francisco is known for everything that we do is unique, and even our toilets, I think, are just part of that type of experience.*

**VO 6 CLEANING THE TOILET**

WITH OVER 226 MILLION FLUSHES, THE AUTOMATIC TALKING TOILETS ARE TAKING THE WORLD BY STORM. AND HOW DOES THIS TRICKY TOILET IS STAY SO SPIC AND SPAN? TODAY A JC DECAUX TECHNICIAN GIVES US A SNEAK PEEK UNDER THE LID TO SEE WHAT DRIVES THIS TURBO TOILET. THE MULTIPLE MOVING PARTS ARE COORDINATED BY THIS INTRICATE ARRAY OF WIRES. IT'S A RARE LOOK AT THE BRAIN BEHIND THE DRAIN.

*SOT: I'VW – FRED CHRISTOUN*

*01:28:13      There are over 145 circuits in the system that maintain and monitor what's going on at all times.*

### **VO 7 INSIDE LOOK**

THOUSANDS OF PEOPLE USE THIS BATHROOM EVERY YEAR, YET NONE GET TO SEE IT LIKE THIS. THE INTERNAL ORGANS OF SAN FRANCISCO'S TALKING TOILET GO TO WORK HUNDREDS OF TIMES A DAY. THE INGENUOUS MECHANISM COMBINES THE AUTOMATION OF A CAR WASH WITH INDUSTRIAL STRENGTH PLUMBING TO CREATE ONE SERIOUS FLUSH.

*SOT: I'VW – FRED CHRISTOUN*

*01:23:30 once you exit the toilet, the bowl mechanism is retracted into the wall. From there, a high pressure scrubbing system scrubs the bowl, cleans it in three stages with high pressure water.*

### **VO 8 LAST PHASE**

AND IT'S NOT JUST THE BOWL THAT'S CLEANED. EVERY TIME YOU FLUSH, WATER RUSHES OVER THE ENTIRE FLOOR TO ERASE YOUR TRACKS. AND JUST LIKE ANY MAKE-OVER, THE FINISHING TOUCH MAKES ALL THE DIFFERENCE.

*SOT: I'VW – FRED CHRISTOUN*

*01:23:45 The last phase is a disinfecting solution, which sanitizes it and destroys any bacteria, and then the unit is then dried and put back into place, waiting for the next person to come along.*

*Nats.*

*Nate, hurry up.*

### **VO 9 SAFETY SENSORS & 911 BUTTON**

AND WHAT IF YOU GET INTO TROUBLE? OUR BEST PUBLIC BATHROOM IS PREPARED FOR ANYTHING. SO DON'T BE SHY, BECAUSE BIG BROTHER IS WATCHING.

*Toilet Nats.*

*SOT: I'VW – FRED CHRISTOUN*

*01:26:42 In the floor, there are sensors that let the unit know when someone's standing inside, whether it's a small child or an adult.*

*SOT: I'VW - AARON DEMARA*

03:05:44 *Uh because we don't go in in pairs. So, if you go in by yourself, there's nobody to talk to. Uh it's one of those faux pas in men's bathrooms, you're not allowed to look or talk to anybody you see in there.*

04:12:03      *Yeah. Sometimes there's a line.*

**VO 41 ATMOSPHERE**

**VO 64 LOCATION**

THE USS PAMPANITO HELPED TURN THE TIDE IN THE PACIFIC DURING WORLD WAR TWO. TODAY, YOU CAN FIND HER AT PIER 45 NEAR FISHERMAN'S WHARF ON THE SAN FRANCISCO BAY. FOR UNDER 10 DOLLARS, THE CURIOUS CAN STEP ON BOARD A LEGEND. BUT WHAT'S IT LIKE TO *LIVE* HERE? JUST ASK PAMPANITO TOUR GUIDE BOB TAYLOR. HE'S A SUBMARINE VETERAN WHO'S USED TO CLOSE QUARTERS.

*SOT: WALK N' TALK – BOB TAYLOR*

*SOT: THOMAS LEESER, ARCHITECT*

*#T28GL3 03:06:20 The design of the bar sort of pushes the boundaries between what is one thing or appears to be one thing but is actually at the same time something else, as well. So does the bathroom by pushing the boundary of where is the limit of the personal space, of private, intimate space.*

THOUGH THE ACTUAL TOILET STALLS ARE PRIVATE, THE REST OF THE BATHROOM IS COED. SO BRING YOUR BEST PICK UP LINE WHEN YOU WASH UP AT THE SINK.

*SOT: THOMAS LEESER, ARCHITECT*

*#T28GL3 03:13:31 We wanted to make one sink so that everybody coming out of the bathroom, men or women, sort of would use the same sink. It's made out of Plexiglas that, you know, when you turn on the water, that actually the reflection -- you see the shadow of the water.*

*#T28GL1 – 1:24:14 – "When you go to the bathroom and you're standing there washing your hands or girls will be applying their makeup or something, they just really can't tell. They really can't tell it's just so bright, it's like a real mirror."*

*SOT: THOMAS LEESER, ARCHITECT*

*#T28GL3 03:11:35 There's a certain flirtation, actually, with--with one's own sort of sexuality by displaying it which makes an incredibly  
03:11:50 charged uh environment.*

**VO 118 PAY-OFF**
